UNIVERSITY.

U.S. BOILER TRAINING

Instructed by Dave Raabe from ROI Marketing

WEDNESDAY, FEB 25 | 8 AM-11 AM

FAMOUS SUPPLY OF JOHNSTOWN | 339 WALNUT ST, JOHNSTOWN, PA 15901

Join us for a practical, contractor-focused deep dive into U.S. Boiler systems, using the Alta as a hands-on example to help technicians improve system performance and reduce callbacks.

TRAINING HIGHLIGHTS:

- Piping best practices and proper venting techniques
- Identifying & optimizing key system components
- Differences between cast iron and condensing boilers
- USB Connect setup and diagnostics
- Strategies to make better service decisions
